RAMP KIT + STEP KIT

■ optional configuration

Durable Lightweight Aluminum Wheelchair Ramps, Decks and Stairs.

INSTALL A COMPLETE 30' RAMP SYSTEM IN ABOUT 30 MINUTES

Step 1

Step 2

Step 3

Step 4

- All you need is a 15/16ths wrench
- No loose hardware to keep track of
- Patented connection system works with all of our ADA products.
- Installs in minutes, not hours.
- Choose from a variety of tread patterns/surfaces.

SURFACES

We have a broad selection of standard and custom tread patterns to suit any climate.

TRACTION SURFACES
FROM MILD TO AGGRESSIVE

WINDOW BARS

Our galvanized telescoping window bars have 30" of adjustment. Available in 3 to 6 bar configurations.

Horizontal security door bars

DOOR BARS

The same Door Bar can be used for either left or right entry. Fits 36" to 48" knob positions.

Our vertical door bar folds flat without damage to your building.

HAND BUILT IN AMERICA

Manufacturing facilities strategically located in both western and eastern US, improving delivery times and reducing costs.
